February 21, 2019

Dear Crestwood High School Parents and Students,

I would like to take a moment to update you on today’s events at Crestwood High School.

First, I would like to recognize the hard work of the Crestwood High School Administration, support staff, security, and most importantly the exceptional cooperation of the students. I recognize today’s events were stressful on some students and parents. I want to share with the students how proud we are of how they handled the situation and conducted themselves.

Second, I would like to extend our deepest gratitude to the Dearborn Heights Police Department and the Wayne County Sheriff Deputies that were present on site throughout the day. Their presence, support, and guidance provided the needed reassurance to the students, parents, and staff.

Lastly, based on the information available to us at this time, a parent reported to administration their child’s alleged dangerous behaviors and the alleged possession of a weapon. The Administration did not receive any direct, credible, actionable threat towards the school to act on. Today’s events were primarily precautionary in nature to ensure the safety, security, and orderly operation of the building.

At this point, through the cooperation of the parents and the police, the information available to us indicates that the student was located and apprehended.

The administration is currently busy ensuring an orderly dismissal of the students. I would like to reiterate to our parent community that student safety is our primary priority and that everyone is safe and sound.

No further information is available at this point. We look forward to resuming school as scheduled on Friday.

Menhem Aouad
Director of Student Services
Dear Parents,

We hope this message finds you well.

In an effort to maintain a safe and secure environment for all students, we have taken several precautions to ensure the safety of everyone on campus.

Firstly, we would like to inform you that a parent has reported an incident involving a weapon being carried on campus. This incident occurred outside the school grounds. We have taken immediate action to ensure the safety of all students and staff.

Secondly, we have implemented new procedures to enhance security measures. All visitors to the school will be required to present identification upon arrival. Additionally, metal detectors have been added to the entrances to the school.

Lastly, we have increased the presence of security personnel on campus to further deter any potential threats.

Please be assured that we take the safety and security of our students very seriously and will continue to take all necessary steps to ensure a safe learning environment.

If you have any concerns or questions, please do not hesitate to contact us.

Sincerely,

[Signature]
