August 13, 2020

Dear Crestwood Community,

Thank you for your patience and your dedication to high expectations and success. As you may know, through many hours of work, debate, and solution oriented conversations, the Board of Education voted to start the 2020 school year 2020 in a virtual format. Therefore, please see our enhanced Start of the Fall 2020 Online Plan.

Please note:
- Next week we will share how the daily schedule will work
- In the next two weeks, we will share how the first two weeks of school will function
- PLEASE, if you have not done so already, answer the survey questions that were sent out to you a couple of weeks ago so that we can prepare our Chromebook Distribution as well as the number of students that will need Instruction Day Support. **You do not have to answer the question in reference to if you choose "online or face to face" but all other questions are now required.**

[https://forms.gle/W6WZPQFY1deQe2Yb6](https://forms.gle/W6WZPQFY1deQe2Yb6)

Those families that are eligible for Direct Service Financial Support (Free and Reduced Lunch) will receive the first set of Chromebooks upon their delivery. We will then distribute Chromebooks to all other families.

We appreciate your patience and please know that ALL Crestwood School District Team Members are working diligently to ensure we offer the highest level of education during this unprecedented and difficult time.

Please, go through and read the document as it answers many questions and gives a good insight on what online instruction will consist of and our direction.

Sincerely,

Youssef Mosallam, Ph.D.
Superintendent of Schools
Crestwood School District
